Special Land Use: Case 16-01 Planned Unit Development for Comfort Care Senior Living
Michael Deem, Senior Planner for McKenna Associates presented his review for the Planned Unit Development for 4100 Tittabawassee. A PUD is required on this development because of the pharmacy. This site is 15.74 acre site. The applicant is proposing to construct a 56,406 square foot nursing home, 36,584 square foot senior care facility, and a 13,000 square foot pharmacy. Mr. Deem went over the qualifying conditions, common open space, shared access, architectural design guidelines, PUD Infrastructure improvements (extension of Red Crest Dr), special use standards, and signs (attachment #1 – McKenna & Associates Review dated 7-29-16).
Discussion by the Planning Commission: Chair Kiss questioned the time frame of phase 1? The developer, Hamza Sikander, stated he would like to break ground at the end of the month. He would like to occupy the building at this time next year.
Mrs. Cammin questioned where all the water drains into? There is a county drain on the west side of the property and each retention pond will be connected to it. There is a 4ft in diameter pipe.
Mr. Leuenberger would like the construction of Red Crest Drive be contingent in phase 2 instead of holding the developer to a time frame.
Mr. Herlache would like to know the zoning of the parcel northwest of phase 2? It is B-1.
Mr. Robishaw questioned the sewer and its impact on the system. Mr. Palmer stated it enhances the system.
Mr. Jackson questioned if it is necessary for all the detention basins. Fencing was discussed. It is around all the ponds. There will be a 3 ½ foot high black rod iron steel fence around all ponds.
There is a consensus with the Planning Committee that they will have Red Crest Drive taken care of in phase 2.

Action by the Planning Commission: Mr. Herlache made a motion to make a recommendation to the Township Board to approve the PUD/Special Use for Comfort Care Senior Living -4100 Tittabawassee Road, contingent on completing Red Crest Drive with phase 2. Seconded by Mr. Jackson.

Roll Call: Mr. Leuenberger – Yes; Mrs. Cammin – Abstained; Mr. Herlache – Yes; Mr. Robishaw – Yes; Mr. Jackson – Yes; Mrs. Ferrell – Yes; and Chair Kiss – Yes. Motion carried.

New Business: Site Plan Review Case 16-02 Site Plan for Comfort Care Senior Living 4100 Tittabawassee Road: Applicant is requesting site plan approval to construct a 56,000 square foot nursing home facility as phase 1 of the proposed 4 phase Planned Unit Development project. The applicant proposes to construct a 56,406 sq foot, 56 unit nursing home.

Michael Deem, McKenna Associates, presented their site plan review to the Planning Commission (attachment #2). This parcel is zoned B-1 and part of a proposed PUD. Internal walkways, landscaping, lighting photometric plan still needed, standards for the Tittabawassee Road corridor overlay district, nursing home special land use standards, PUD requirements, and signs were all discussed with the committee.

Off street parking was also discussed with the Planning Commission because the developer exceeds the maximum parking requirements for this use. After extensive discussion with the developer and the Planning Commission, the Planning Commission feels that additional parking is justified based on the needs for overflow parking during activities, extra visitation during holidays and therefore, agrees with the additional parking of up to 82 spaces.

Discussion by Planning Commission:
Chair Kiss can see the parking lot increasing with holidays and family members. The applicant feels the additional parking is needed based on the history of his other facilities. Mr. Herlache stated overflow
parking on the weekends could possibly park at Anderson Eye. Mr. Jackson agrees with the additional parking. Mr. Palmer would like to see more parking than not enough. It’s hard to fix and costly in the future. Mrs. Ferrell also commented on employee parking. Mr. Jackson questioned if the rooms are single. Yes, they are all private rooms.

Mr. Palmer would like to thank John Ledy and Michael Deem.

Seconded by Mr. Jackson.
