Items:

Unfinished Business

A. Elmer Lange Park Conceptual Plan – Dog park is being considered; acreage that would be needed was discussed; more discussion on a dog park will be tabled for the future. Maintenance of parks was discussed; cracks in pavement are an issue – they will be sealcoated. It was recommended that the committee come up with a plan for future maintenance. It would be helpful to have the board work on keeping the capital improvement plan updated, with an emphasis on the parks. Restrooms, paved parking, walking path around the park and possibly a concession stand were discussed; it was felt that these amenities would help bring in more events such as athletic tournaments; committee will recommend paved parking pending an informal rough estimate on the cost; size of a parking lot will be narrowed down. Kevin will obtain a rough estimate of building a pavilion with restrooms as well as a concession stand.

B. Parks & Rec Annual Report 2015 – Kevin has an electronic copy.

New Business

A. Krossroads Park Meeting & Additional Acreage – Discussion regarding upcoming meeting/design study.
