Vanessa presented an overview of the recent public input/goals/recommendations concerning priorities for the township's parks and recreation. DNR grant has been submitted; grantor asked for some additional information and that has been submitted; township should hear final decision this August.. Vanessa recommended that committee focus on a dog park, as that has been determined to be a priority goal in the past.

Merits of the township's parks as well as the problems were discussed. Priorities for the committee's future work were decided in the form of short-term and long-term goals. Vanessa will prepare a draft of goals and present them at the committee's next meeting.
